

# K-FLEX TITAN TAPE

## K-FLEX TITAN TAPE

K-FLEX Titan Tape is the ultimate companion for K-FLEX Titan Insulation. Effortlessly seal, connect, and patch with precision, ensuring a perfect match every time. Discover the seamless way to enhance your insulation projects with K-FLEX Titan Tape.

## APPLICATIONS

Perfect match to be used on K-Flex Titan insulation. Use for connecting, joining, sealing and patching K-Flex Titan and K-Flex insulation.

## FEATURES

- > Quick stick
- > Excellent conformability to uneven surfaces
- > Easy to unwind and tear
- > Color matches K-Flex Titan and K-Flex ST

## CONSTRUCTION

|                 |   |
|-----------------|---|
| <b>Backing</b>  | Release paper                             |
| <b>Film</b>     | Black color, High strength polymeric film |
| <b>Adhesive</b> | High tack acrylic adhesive                |

## TECHNICAL PROPERTY

|                          |  |
|--------------------------|--|
| <b>Brief Description</b> | Individual shrink wrap, 24 rolls in one carton |
| <b>Core Size</b>         | 3inches  |
| <b>Width</b>             | 48mm   |
| <b>Length</b>            | 25m  |
| <b>Color</b>             | Black  |

| <b>Property</b>                    | <b>Value/Assessment</b>   |
|------------------------------------|---|
| <b>Adhesion To Stainless Steel</b> | 20 N/ 25mm  |
| <b>Tensile Strength</b>            | 40 N/ 25mm  |
| <b>Elongation</b>                  | 100%  |
| <b>Service Temperature</b>         | Max. service temperature: +100 °C<br>Min. service temperature: -30 °C |
| <b>Applying Temperature</b>        | Max. service temperature: +40 °C<br>Min. service temperature: +5 °C   |
